

Venado Middle School

2017-2018 School Service Hours Log

Student Name _____ Homeroom Teacher _____

Students may earn the School Service Fieldtrip to Disneyland by completing 20 hours of voluntary community service at Venado. Students participating with the City of Irvine Middle School Program’s Youth Action Team (YAT) may earn hours off-campus when coordinated by the program. Students can earn their hours on Venado’s campus before school, after school, or during lunch in a variety of ways: help teachers, campus clean-up, etc. Students who choose campus clean-up should see Mr. Barragan to schedule the time.

Students should complete their community service hours throughout the school year and plan to earn enough hours by March. Last minute requests for community service will not be honored, so plan out your service hours in advance. The School Service Fieldtrip to Disneyland will occur on a school day in spring and participating students are responsible for park admission and transportation costs associated with the fieldtrip. Due dates and deadlines for permission slips and payment will be announced early in the 3rd Trimester.
